MUES-TEC

MONA-60
Smart Mirror Touchscreen 21.5" / 54cm

IP65 Due to the waterproof installation of the electronic components (according to protection class IP65), you can use the Smart devices carefree in any damp and wet areas.

The WiFi link allows you to connect the product to the Internet. In this way you can download your favorite apps and use other online services such as music and video platforms.

Using Bluetooth, you can easily pair your smart mirror with other smart home products.

Android-based activation allows you to use various applications, functions and apps of your daily life.

With the Magic Mirror principle, the product presents itself like a regular mirror when switched off. When switched on by finger touch, its special surface allows you to turn it into a smart entertainment product.

The 10-point multi-touch screen allows you to use the interactive display intuitively. Therefore, you can use the touchscreen easily, comfortably and stress-free.

Use the built-in microphone for general voice control of Google- or other Alexabased devices.

The screen turns on automatically when you enter the room and turns off 5 minutes after you leave.

The high-resolution display provides a clear picture when you want to watch the latest cooking show or the current season of your favorite TV series live in your kitchen. With the magnifying glass function, you can also record professional videos of your own cooking session and share them afterwards.

The manual switch allows easy control at any time.

STANDARD MODELS

CPU

Model	Rockchip RK3288
Number of Cores	8
Chip Architecture	Cortex A17
Frequency	1.8 GHZ

GPU

Model	Mali-T764
Number of Cores	4
Frequency	700MHZ
OpenCL1.1	DX9-3
Video Acceleration	Support
3D Acceleration	Support

Media

Video Format	H.265, H.264-HP/MP/BP, MPEG 1/2/4,HEVC, H.263 D1/HP
Media Format	WAV, MP3, MP2, AAC, APE, ADPCM, FLAC
Image Format	BMP, JPEG, GIF, PNG

LCD

Model	IPS
Screen Size	21.5"
Color	16.7M
Brightness	700cd/m²
Resolution	1920 x 1080

RAM

Capacity	2G DDR3

ROM

Capacity	16GB Emmc

OS

Version	8.1.0
Language	Multil-Language

TP

Type	10 point capacitive touch screen
Material	G+G

Camera

Front	800W

Speaker

Built-in	2 x 3W/4Ω

Speech Recognition

Built-in	Support

Motion Detection

| Built-in	Support
